

WE ARE BOEHRINGER INGELHEIM – A DIFFERENT KIND OF PHARMACEUTICAL COMPANY

Family-owned. Purpose-led. Innovation-driven.

We improve health for people and animals. Here’s how we do it...

SCIENTIFIC INNOVATION

We take on the biggest challenges in medicine.

Advancing research through open innovation

Making clinical trials more patient focused

Contributing to UK Life Sciences

Finding solutions to unmet needs

SUSTAINABLE HEALTHCARE

We plan for the long term, supporting the NHS.

Piloting new models of care

Using data to drive system transformation

Acting responsibly towards the environment

Improving access to health globally

DIGITAL TRANSFORMATION

We invest in technology to accelerate healthcare improvements.

Progressing the capabilities of AI

Partnering with digital innovators

Focusing on personalised care

Using digital to empower patients
